RICHMOND WILL BECOME FOOTBALL CENTRE IN 1914

(Continued From First Page.)

Richmond and the Virginia Military Institute to play a game of football in Richmond.

However, whichever way the cards are stacked the fact remains that there will be more and better football games here in 1914 than Richmond has ever witnessed before. Probably in 1915 there will be a still greater improvement. In the meanwhile as the college sport grows in favor Richmond people are waiting to give rousing welcomes to all of the eleven that happen this way.

One of the chief discussions, or rather one of the chief problems, that will confront the rules committee when changes are suggested for the football code of 1914 will be that of numbering the players. Some of the larger colleges, notably Yale, are of the opinion that the wishes of the public are not to be given consideration; that the game is played for the glory of the school and not to attract outside patronage. In other words, those schools that have a large number of graduates and are situated in the populous centers, can be independent, and because of this the smaller and less well known institutions must suffer.

Some day players in football games will be numbered, so that those who witness the contests can tell who is who, and it will be entirely within the province of the rules committee to take up the question, thrust it out, and come to some definite and final conclusion now. Incidentally, it might not be a bad idea to consult some of the newspaper writers, who are forced to witness the games and are required to give to the papers they represent accurate reports of what happens under conditions so trying that accuracy is almost impossible.

We have watched the progress of the game, have seen the old-style play relegated to the scrap heap, have watched the attendance figures grow

COLTS WILL HAVE HARD SCHEDULE IN SPRING GAMES

(Continued From First Page.)

to larger and larger proportions, and now we would make the game so simple and so easily understood that where hundreds were induced to witness it several years ago, thousands may now come.

Football Players Not Lumber Shavers. Chicago, December 6.—A local follower of football, taking to heart the whimsical remark of an Eastern humorist that "to-day's football hero is to-morrow's lumber shaver," prepared a statement here today showing the prospect of thirty-five gridiron heroes of Western schools, who will be graduated in the spring, and there was not a lumber shaver in the lot.

Complete information from all the schools was not available, but the list is regarded as representative. The list follows: Engineering, 3; business, 7; law, 5; coaching, 3; miller, 1; forestry, 2; agriculture, 2; dairy expert, 1; medicine, 1.

Clark Griffith, of the Washington club, wants to play in Richmond April 4. He is another man that Secretary Bradley wants to see. Heretofore Washington has sent to Richmond a team composed largely of recruit pitchers. Last Spring Joe Boehling was the chief attraction, and being a native son Joe attracted a large number of fans to the park. He could probably repeat the performance next spring, but local fans would feel that it has a right to expect that Mr. Griffith will send the best he has in the shop. It is almost certain that Ayers, Boehling and Walter Johnson will be the pitchers with the outfit, but the comedy performance of Altrock and Schaeffer will not prove as attractive as they have in the past. The demand is for baseball, not comedy.

There seems to be no question but that the Colts will be found in their old home next spring. While it is true that the Richmond, Fredericksburg and Potomac contemplates putting up a new station in the West End, the present plans are built for the station to be located on the lot immediately west of the ball park. Working on this theory Parkkeeper Heuser will have his gang out early in the spring getting things into shape.

Fortunately, Richmond College will have its own grounds on which to practice and train both the baseball and football teams. The daily practices during the past fall tore up the turf in the yard, and Secretary Bradley announces that never again will he allow the ball park to be used for training purposes, save by the Richmond baseball team.

Norman Elberfeld, and Norman is a mighty fine young man, is mentioned as the latest candidate or suspect, whichever you will, as manager of the Reds. Just another Christmas gone wrong.

There is no chance that Chicago and Yale will get together on the gridiron next season. The opinion is held that sectional games take up all of the time of the teams without indulging in inter-sectional strife.

Incidentally, the coaching system at Yale is coming in for some vast criticism. Just what will be done has not been announced. The chief problem seems to be how to handle the Harvard. Heretofore it was an easy task for Harvard to whip the Crimson at anything. Now it is reversed, and for at least four years Harvard has triumphed over the bulldog.

ACADEMY LEADS IN AQUATIC MEET

The Richmond Academy won the third annual complimentary prep school aquatic meet, yesterday afternoon, held in the Central Y. M. C. A. swimming pool, defeating the High School, 27 to 31, and defeating Benedictine College, 37 to 5. The Academy boys won the twenty-yard dash, twenty-yard back, dive for forty, forty-yard dash, plunge for distance and midge relay. John Marshall started bad in the first part of the meet, but came in strong in the finals, winning the 100-yard dash, towing race, midge candle race and championship relay, scoring 31 points. Benedictine College scored one second and two third places. Cole, for the Academy, won every race he entered.

20-yard swim—won by Cole, Academy; second, Edwards, Academy; third, D. Patterson, Benedictine. Time, 11 2-5 seconds.

20-yard back stroke—won by Cole, Academy; second, D. Patterson, Benedictine; third, Heisey, High School. Time, 15 2-5 seconds.

Dive for form. The total scores of the three individuals from each school was marked on a percentage basis—first, Academy, 26.32 per cent; second, High School, 26.65 per cent; third, Benedictine, 23.37 per cent.

20-yard swim—won by Cole, Academy; second, Cole, High School; Fuller (third) disqualified. Time, 27 3-5 seconds.

Plunge for distance—won by D. Riden, Academy, 37 feet 8 inches; Whit, Academy, second, 37 and 7 1-2 inches; third, Cole, High School, 35 feet.

100-yard swim—won by Matthews, High School; second, Owens, High School; third, Edwards, Academy. Time, 19 2-5 seconds.

Midge candle race—won by Pleasant, High School. Time, 19 3-5 seconds.

Midge relay—Academy awarded 5 points, as they were only school to enter.

Championship relay—won by High School (Cole, Fuller, Matthews, Patterson); second, Academy. Time 44 4-5 seconds.

Judges, J. S. Ford, Charles Phillips, S. F. Padgett, Jr. Starter and timer, E. W. Conway.

Yellow Jackets Lose. Ashland, Va., December 6.—In a very close and exciting game of basketball, Union Theological Seminary defeated the Yellow Jackets 22 to 19. The Yellow Jackets were first to score, but they were soon overtaken and from then on it was see-saw, first one side and then the other taking the lead. The first half ended with the score 10 to 12 in favor of the Seminary. The Yellow Jackets came up from behind at the beginning of the second half and took the lead, but were unable to maintain it.

To the Thousands of Friends of the COLONIAL

While that Theatre is undergoing alterations and repairs the popular

VAUDEVILLE

Policy Will be Played at the

EMPIRE THEATRE

We ask your indulgence for a few weeks, and when the Colonial is re-opened it will be thoroughly modern and up-to-date in every respect.

Prices: Evening, 10c, 20c, 30c.

GUS EDWARDS'S SONG REVUE, AT THE LYRIC.

HIGH SCHOOL TO PLAY SPIDERS

John Marshall High School's five and Richmond College will play basketball tomorrow night in the public school gym. Both teams are in good condition for the game, and a fast and snappy bout should be had.

The High School team has played two games this season and won both. It played the college of Virginia five the first game and won by the score of 42 to 14. Old Point Comfort College was the other victim, losing by the large score 41 to 13. The high school team is said to be the fastest team seen at the high school in years.

HOWITZERS LOSE TO VISITING TEAM

The Washington Y. M. C. A. basketball five put it on the Richmond Howitzers team last night at the Howitzers' Armory by the score of 53 to 16. The game, though the score was one-sided, was a pretty one, and the Howitzers feel none the worse for meeting a defeat at the hands of the Washington boys. The work of Frazier and Matthews featured for Washington, while Lawrence and Metcalf played the best game for the Howitzers.

A large crowd was out to see the game, and declared it to be the cleanest and snappiest they had ever witnessed in Richmond.

It is likely that the Howitzers will give the Washington five a return game. Lineup and summary: Richmond—Howitzers—Lawrence, left forward; Felvey, right forward; Metcalf, centre; Rowe (captain), left guard; Ryan, right guard.

Washington Y. M. C. A.—Frazier, left forward; Colley, right forward; Matthews, centre; Hoppe and Duncan, left guard; McKay (captain) and Allorine, right guard.

Summary: Score—Washington Y. M.

MEDICOS TRIM ARTILLERYMEN

The Medical College of Virginia last night won from the Second Howitzers in a game of basketball, played at the Howitzers' Armory, by the close score of 21 to 7. Both teams played good basketball, and a hard and fast-paced game was witnessed by a large audience. The game was a sort of preliminary

C. A., 53; Richmond Howitzers, 16. Field goals—Washington Y. M. C. A., Frazier (10), Colley (4), Matthews (6), Hoppe (2), McKay (2), and goals from foul—Matthews (4), McKay (2). Richmond Howitzers—Field goals—Lawrence (4), Metcalf (1), goals from foul—Lawrence (6). Officials—Referee, Thornton (Richmond), Umpire, Jones (Richmond), Timekeeper, Groves (Richmond Howitzers).

Five Minutes Will Win You to All-Weather Treads

The treads are double-thick—
The rubber is extra tough—
The grips are deep and enduring—
The edges stay sharp—
They face the skidding direction—
The blocks meet at the base—
The surface is flat and smooth.

Here is a tread which runs as smoothly as plain treads. It is just as economical.

It gets rid of all features which made anti-skids costly, or made them cause vibration.

On dry roads it runs like a plain tread. To wet roads it gives an irresistible grip.

It is the tread for all wheels and all seasons. On Goodyear tires—the largest-selling tires in the world—it is out-selling plain treads with users. In winter it is an essential.

Five minutes will show you that no other anti-skid begins to so meet the requirements. Some are shallow, some soft, some irregular. Some have rounded grips.

Some have separate projections which center the strains at one point in the fabric. Some cause much vibration.

Here is a flat tread, broad, smooth and regular. Here are deep grips which last for thousands of miles. Here is rubber toughened by a secret process.

Here are sharp edges which stay sharp. And the edges face the skidding direction.

Here are blocks that widen out and meet at the base, so the strains are spread as with plain treads.

This is the latest of Goodyear inventions. It solves anti-skid problems as never before. It combines plain-tread economy with the safety of a most tenacious grip.

You are bound to adopt it. A five-minute comparison will make you a convert. Don't buy a tire for winter use without coming to see this tread.

Plus These Savings

All-Weather treads, if wanted, now come on No-Rim-Cut tires. And you get these features too:

Tires that can't rim-cut—
Tires that save blow-outs—
Tires that save loose treads.

We control the No-Rim-Cut feature. The saving of blow-outs adds to our tire cost \$1.50 daily. No other maker adds this extra cost. Our way of preventing tread separation is patented, and we control the patent.

You get all these savings in No-Rim-Cut tires, and in no other tires in the world. As a result, these tires today are the largest-selling tires in the world. You are courting tire trouble, you are wasting tire money, so long as you go without them. Let us prove this to you.
